

CI/CD

Continuous Integration
Continuous Deployment

Customer drivers require a solution to save a cost

We offer a Solution: CI/CD

Solution

CI/CD

Reduce Cost

Less developer time on issues from new developer code

Avoid Cost

Prevent embarrassing or costly security holes

Increase Revenue

New value-generating features released more quickly

Protect Revenue

Quick undo to return production to working state

What is CI/CD

What is CI/CD

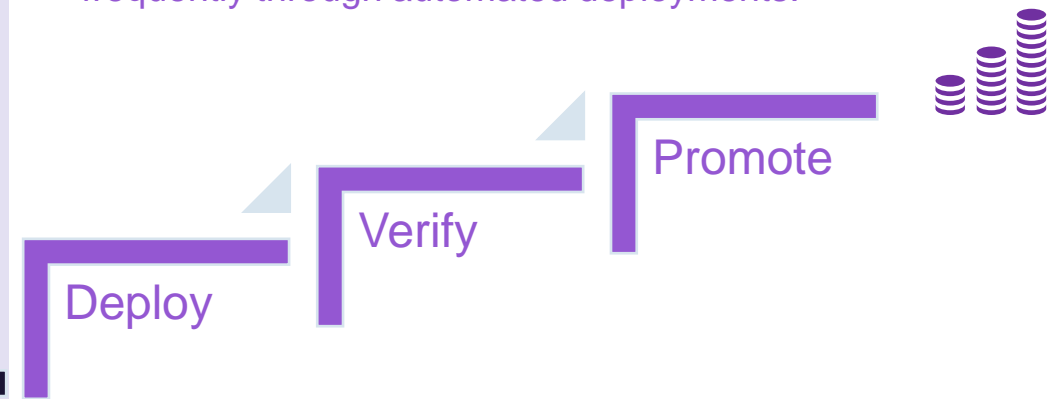

CI

The practice of merging all developers' working copies to shared mainline several times a day.

CD

A software engineering approach in which the value is delivered frequently through automated deployments.

In case of any fail can revert quickly to the latest good condition
